If you're new to rotary cutting, don't worry. It's easy to learn and you'll be amazed at how much time you can save. This article will teach you the basics of rotary cutting and provide you with a variety of 501 rotary cut quilt blocks that you can use to make your own beautiful quilts.

### Rotary Cutting Basics

To get started with rotary cutting, you'll need the following supplies:

- Rotary cutter
- Cutting mat
- Fabric
- Ruler or template

Once you have your supplies, you can start cutting fabric. To cut a strip of fabric, follow these steps:

1. Place a ruler or template on the fabric, aligning the edge of the ruler with the desired width of the strip.
2. Hold the rotary cutter in your dominant hand and place the blade on the fabric, just inside the edge of the ruler.
3. Apply pressure and roll the cutter along the edge of the ruler, cutting through the fabric.
4. Repeat steps 1-3 until you have cut all of the strips you need.

To cut a square of fabric, follow these steps:

1. Place a ruler or template on the fabric, aligning the edges of the ruler with the desired size of the square.
2. Hold the rotary cutter in your dominant hand and place the blade on the fabric, just inside the edge of the ruler.
3. Apply pressure and roll the cutter around the edge of the ruler, cutting through the fabric.
4. Repeat steps 1-3 until you have cut all of the squares you need.

Once you have cut all of the pieces for your quilt block, you can assemble the block by sewing the pieces together. There are a variety of ways to do this, so experiment to find the method that works best for you.

## **501 Rotary Cut Quilt Blocks**
